

PRIVACY POLICY

*MultipLEI (a trading name of **Work Allround**) is committed to protecting the privacy and security of your business and personal data. This policy explains how we collect, use, and safeguard your information when you use our services.*

1. Data Collection

To process an LEI registration or renewal, we collect the following information:

- **Entity Details:** Legal name, registered address, headquarters address, and registration number (Chamber of Commerce).
- **Contact Information:** Name of the applicant, email address, and phone number.
- **Payment Data:** Transaction details required for billing (we do not store full credit card numbers).

2. How We Use Your Data

We use your information exclusively to:

- Process your LEI application, renewal, or transfer.
- Verify the authority of the applicant.
- Communicate updates regarding your LEI status.
- Comply with the regulations set by the GLEIF (Global Legal Entity Identifier Foundation).

3. Data Sharing with Third Parties

As an official Registration Agent, we must share your data with:

- **Local Operating Units (LOUs):** Specifically Ubisecure RapidLEI, to issue the identifier.
- **GLEIF:** The entity data will be published in the global LEI database, which is public by design to ensure financial transparency.
- **Authorities:** If required by law or to prevent fraud.

4. Data Retention

We retain your contact information as long as your LEI is managed by MultipLEI. If you choose not to renew, we will retain minimum records for tax and legal purposes as required by Dutch law.

5. Your Rights (GDPR)

Under the GDPR, you have the right to:

- Access the data we hold about you.
- Request correction of inaccurate data.
- Request deletion of your personal contact data (note: official LEI entity data remains public in the GLEIF database).
- Object to processing for marketing purposes.

6. Security

We implement high-level technical and organizational measures to protect your data against unauthorized access, loss, or theft. Our website uses SSL encryption for all data transmissions.
